HotCLM demo document

NOT A REAL CONTRACT. This file was generated for the HotCLM demo dataset.

Contract version - Final signed copy

Stands in for the executed copy, signed by both sides. Filed as the final signed version and as the executed copy of the signature round.

It carries no contract terms, names no party and bears no signature. Every seeded row of this kind holds its own copy of this same file; the seed stores one per row.

Shipped in the HotCLM repository under src/data/fixtures/ (Apache-2.0).
